

HOW TO INSTALL MICROSOFT TEAMS IN ANDROID ?

Step 1 :

Click the link below

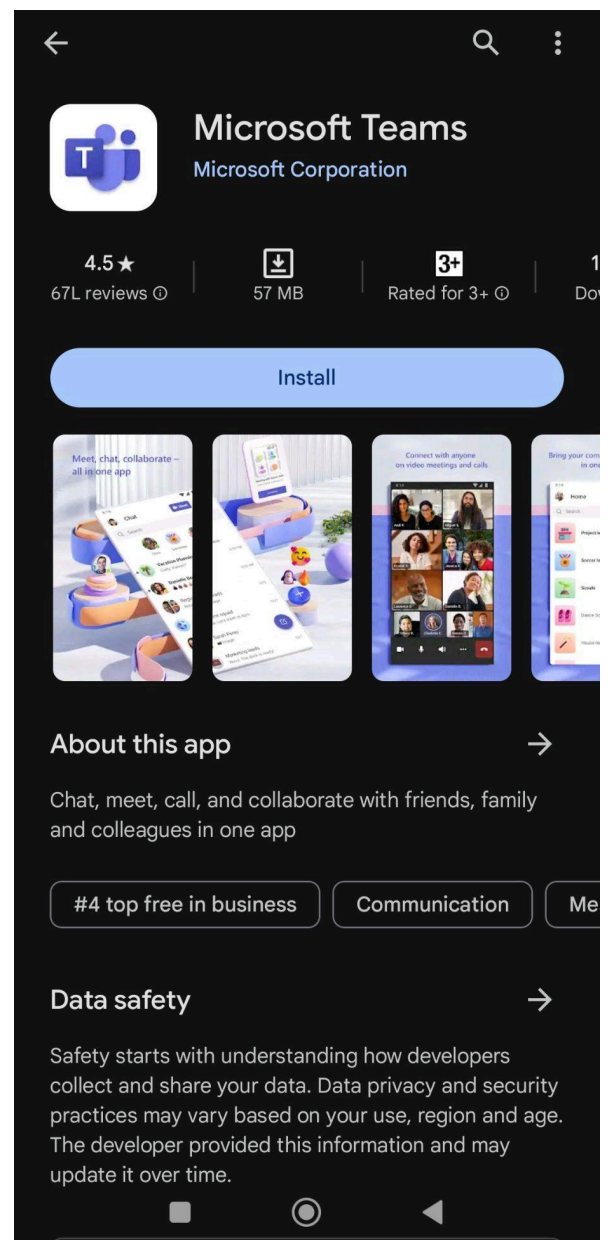

<https://play.google.com/store/apps/details?id=com.microsoft.teams>

Or,

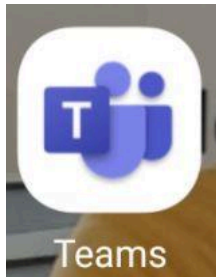

Search “**Microsoft Teams**” in the Google Play Store

Step 2 :

Click the install button and the app will be installed on your device. Wait for some time for the installation process.

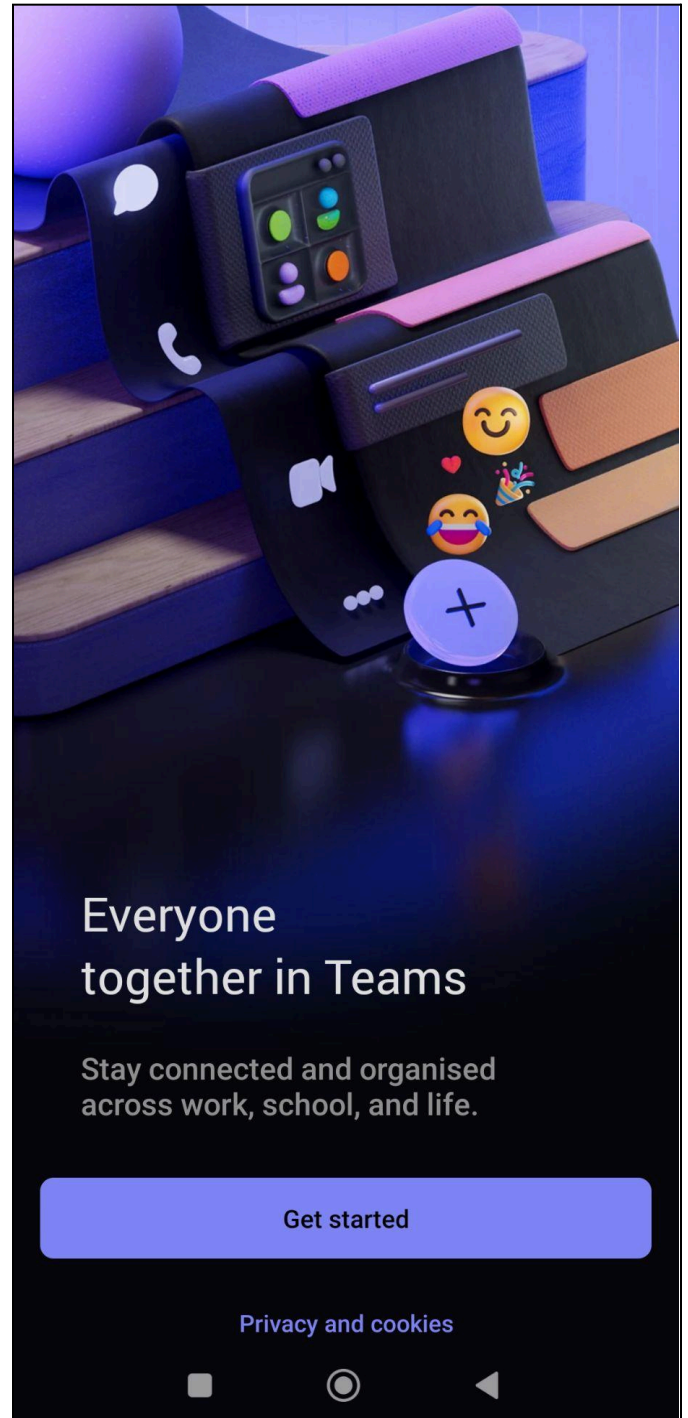

Step 3:

Now click the app icon in your phone to open the app.

Step 4 :

After opening for the first time you will see this screen. Click the **Get Started** button in the screen

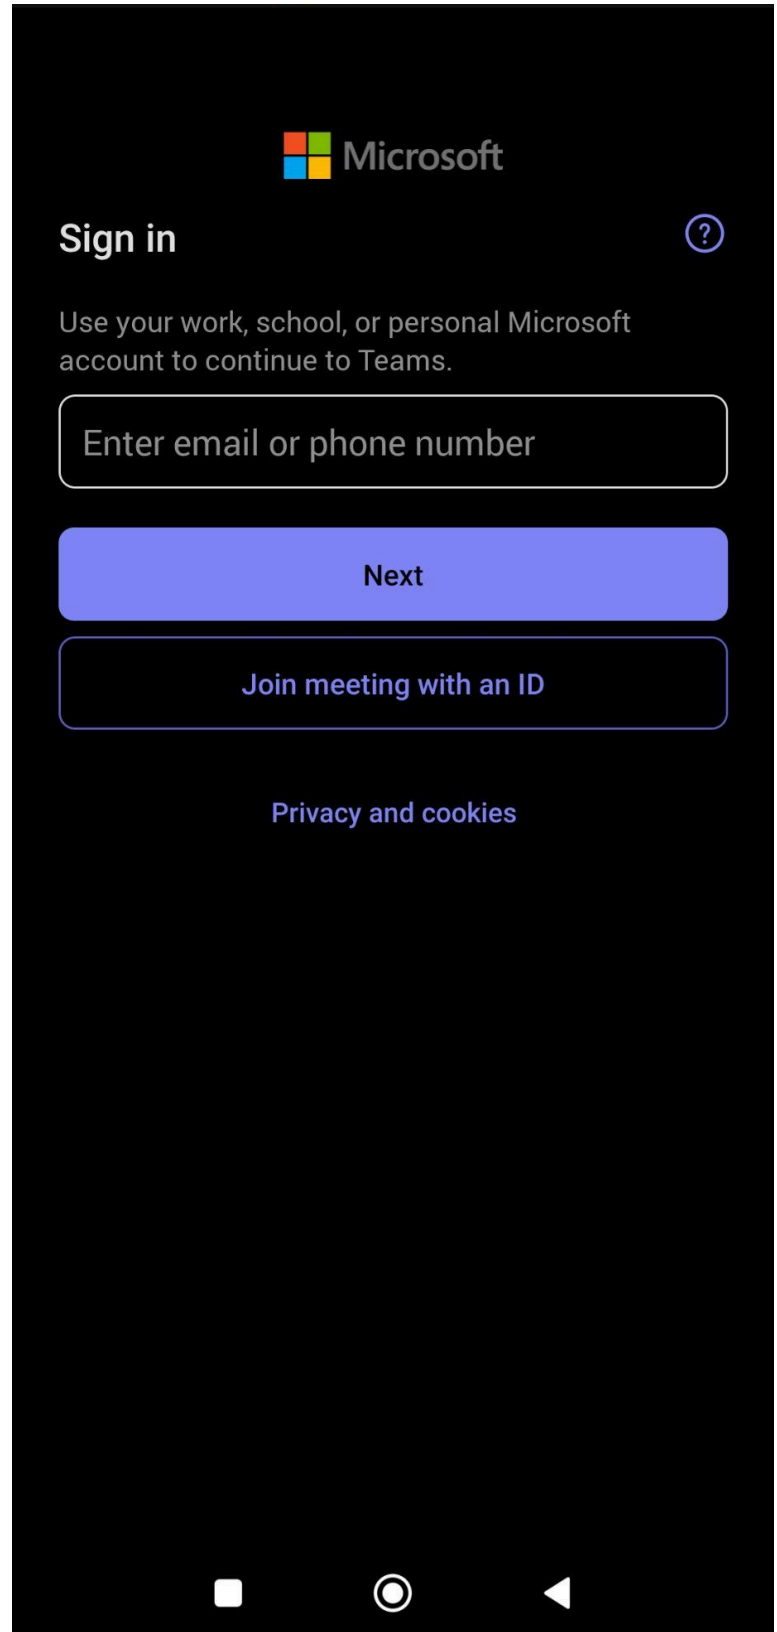

Step 5 :

Next you will see this page. Here click the “**Enter email or phone number**” box. Your keyboard will be opened. Then enter your email id or phone number.

We recommend you to enter your phone number.

Then click the “**Next**” button.

The screenshot shows the Microsoft Teams mobile app sign-in screen. At the top, the Microsoft logo is displayed. Below it, the text "Sign in" is followed by a help icon (a question mark in a circle). A message states: "Use your work, school, or personal Microsoft account to continue to Teams." There are three main input areas: a text box labeled "Enter email or phone number", a large blue button labeled "Next", and a button labeled "Join meeting with an ID". At the bottom, there is a link for "Privacy and cookies". The bottom of the screen shows the standard Android navigation bar with a square, a circle, and a triangle icon.

Step 6 :

If you have given your phone number now you will see this page.

Here click on the “**Create a new account**” button.

Confirm your phone number

We need your help to look up an account with this username.

Step 7 :

Next you will see this page on your phone.
Here click the **“Use a phone number instead”** button.

The screenshot shows the Microsoft account creation interface on a mobile device. At the top left is the Microsoft logo. Below it, the heading "Create account" is displayed. A horizontal line separates the heading from the options. There are two links: "Use a phone number instead" and "Get a new email address". At the bottom right, there are two buttons: a grey "Back" button and a blue "Next" button. At the very bottom, there are links for "Terms of Use" and "Privacy & Cookies". The device's navigation bar is visible at the bottom of the screen.

Step 9 :

On the next page you need to select your country and Date of Birth.

Select India from the dropdown under the **Country/region** section. (Nothing to do if already chosen)

Then select your Birthdate.

Then click the **Next** button.

← +917000000000

Create account

If a child uses this device, select their date of birth to create a child account.

Country/region

India

Birthdate

23 March 2004

A child account enables you to enforce parental controls and impose usage limits for this device for reasons of privacy and safety. You can manage these settings using our Family Safety app. Learn more at <https://aka.ms/family-safety-app>

Step 10 :

On the next page you may face this interface where you have to solve some trick to verify yourself as a human.

Click the **Next** button to start the test.

Step 11 :

Here you need to ***face the object on the right side*** in the **same direction** of the **hand shown in the left picture**.

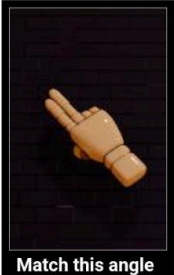

To rotate the object on the right side you can click any one of the arrows under the image. (*marked with red arrows*).

Step 12 :

You can see in the screenshot on the right, the face of the **right side object** is matching with the **hand in the left side picture**.

After matching the directions, you can click the **Submit** button below in the page.

After successful submission you can see this page shown on the right side. Then you will automatically be redirected to the next page.

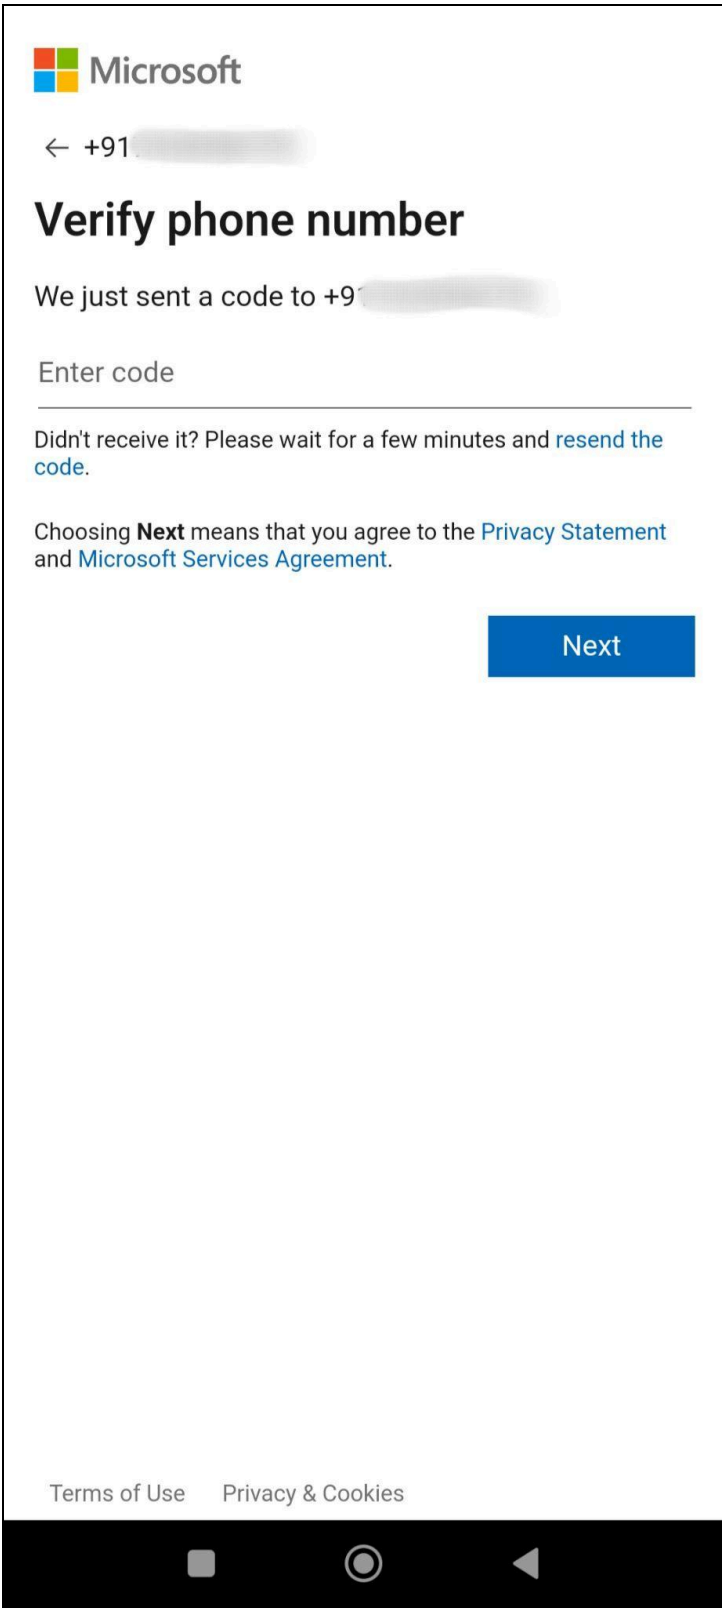

Step 13 :

Now you will see this page.

An OTP Code will be sent via SMS in the phone number you have given previously.

You need to click the **Enter code** field and enter the code you have received.

Then click the **Next** button.

The screenshot shows the Microsoft 'Verify phone number' interface. At the top is the Microsoft logo. Below it, a back arrow and the phone number '+91' are visible. The title 'Verify phone number' is prominently displayed. The text 'We just sent a code to +91' is followed by a blurred phone number. Below this is an input field labeled 'Enter code'. A link 'resend the code' is provided for users who didn't receive the code. A disclaimer states that choosing 'Next' implies agreement to the 'Privacy Statement' and 'Microsoft Services Agreement'. A blue 'Next' button is located at the bottom right. At the very bottom, there are links for 'Terms of Use' and 'Privacy & Cookies', and an Android navigation bar is visible at the bottom edge.

Step 14 :

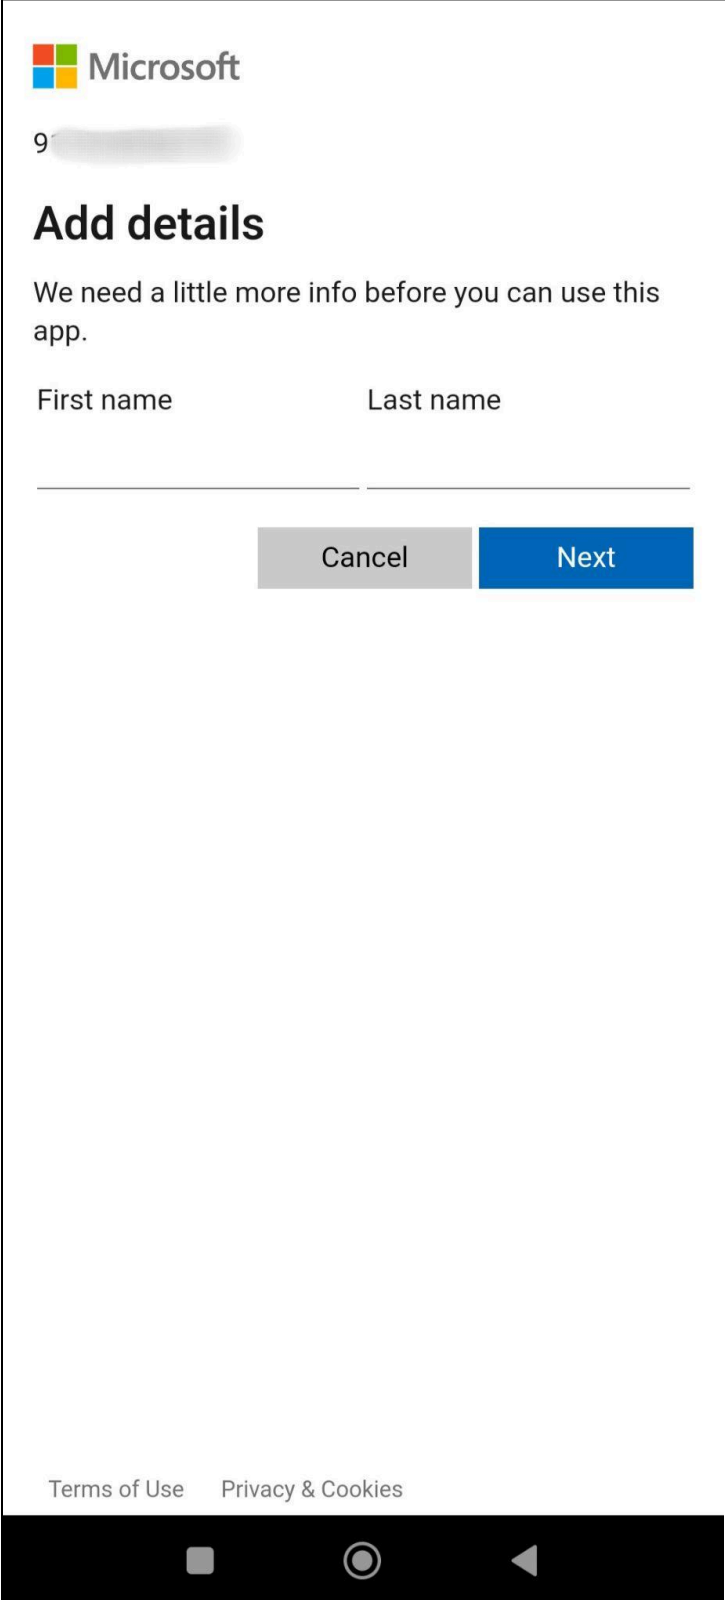

Then you will see this page. Here you just need to click the **Continue** button.

Step 15 :

In the next page you have to enter your First name and last name.

Then click the **Next** button. Wait for some time.

The image shows a Microsoft app setup screen. At the top left is the Microsoft logo. Below it is a partially obscured email address starting with '9'. The main heading is 'Add details'. Below this is a message: 'We need a little more info before you can use this app.' There are two input fields: 'First name' and 'Last name'. At the bottom right are two buttons: 'Cancel' (grey) and 'Next' (blue). At the very bottom, there are links for 'Terms of Use' and 'Privacy & Cookies'. The screen is framed by a black bar at the bottom containing three white icons: a square, a circle, and a triangle.

Step 16 :

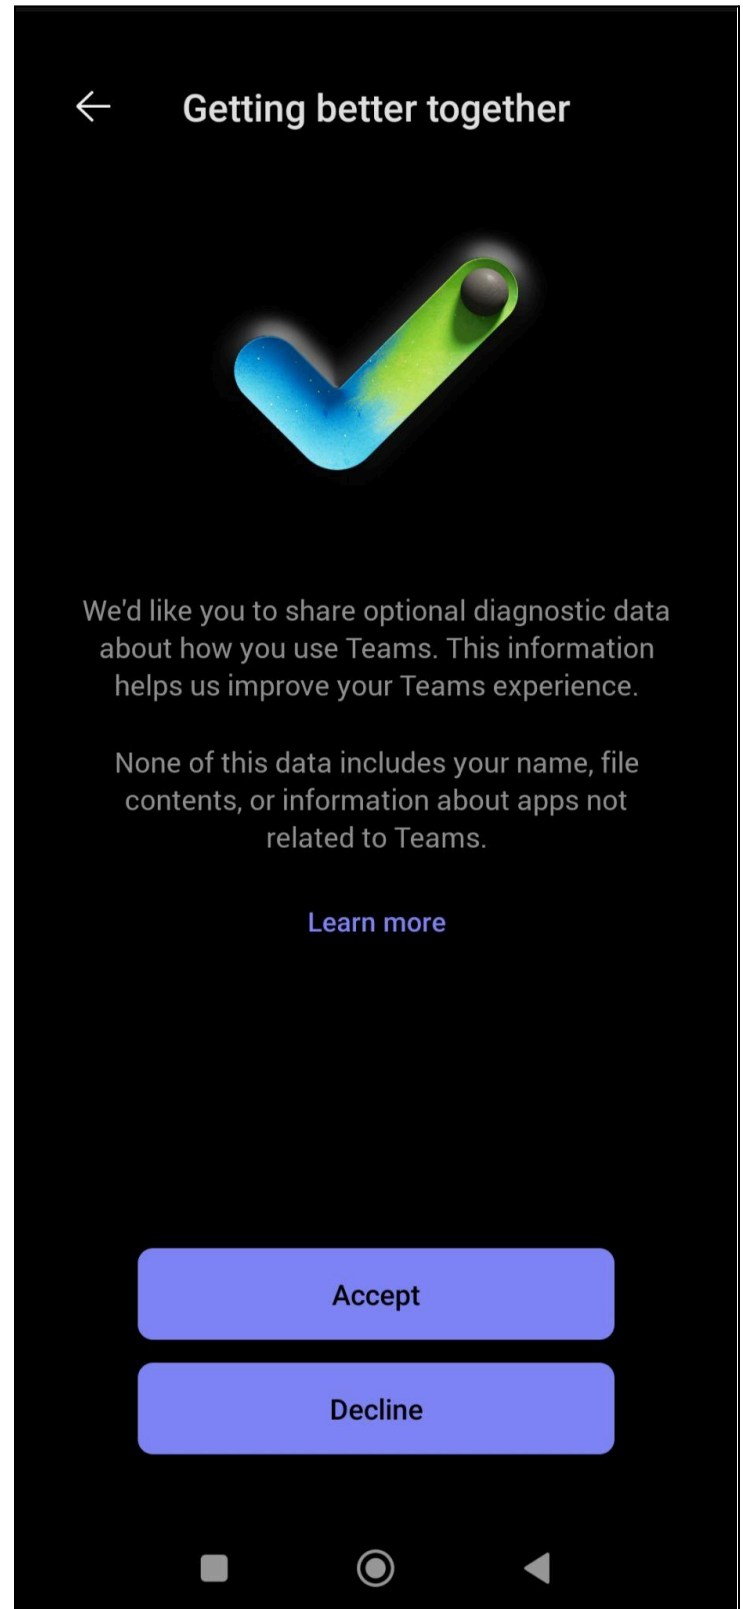

Next you will see this page.
Click the **Get Started** button.

Step 17 :

In the next page you will see options to send diagnostic data to microsoft.

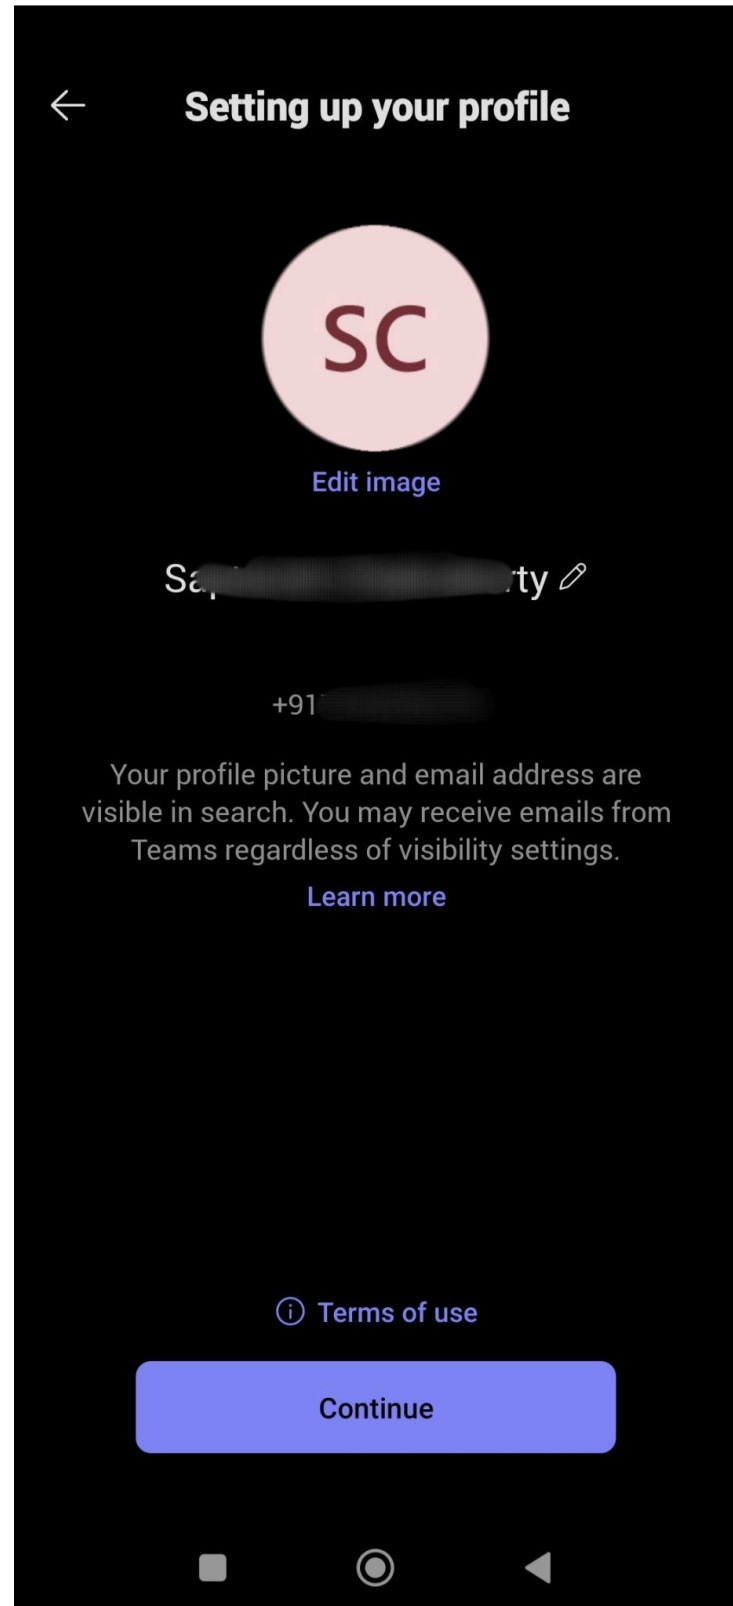

You can click the **Decline** button and continue to the next step.

Step 18 :

In the next page you will see your details (name and phone number) for confirmation.

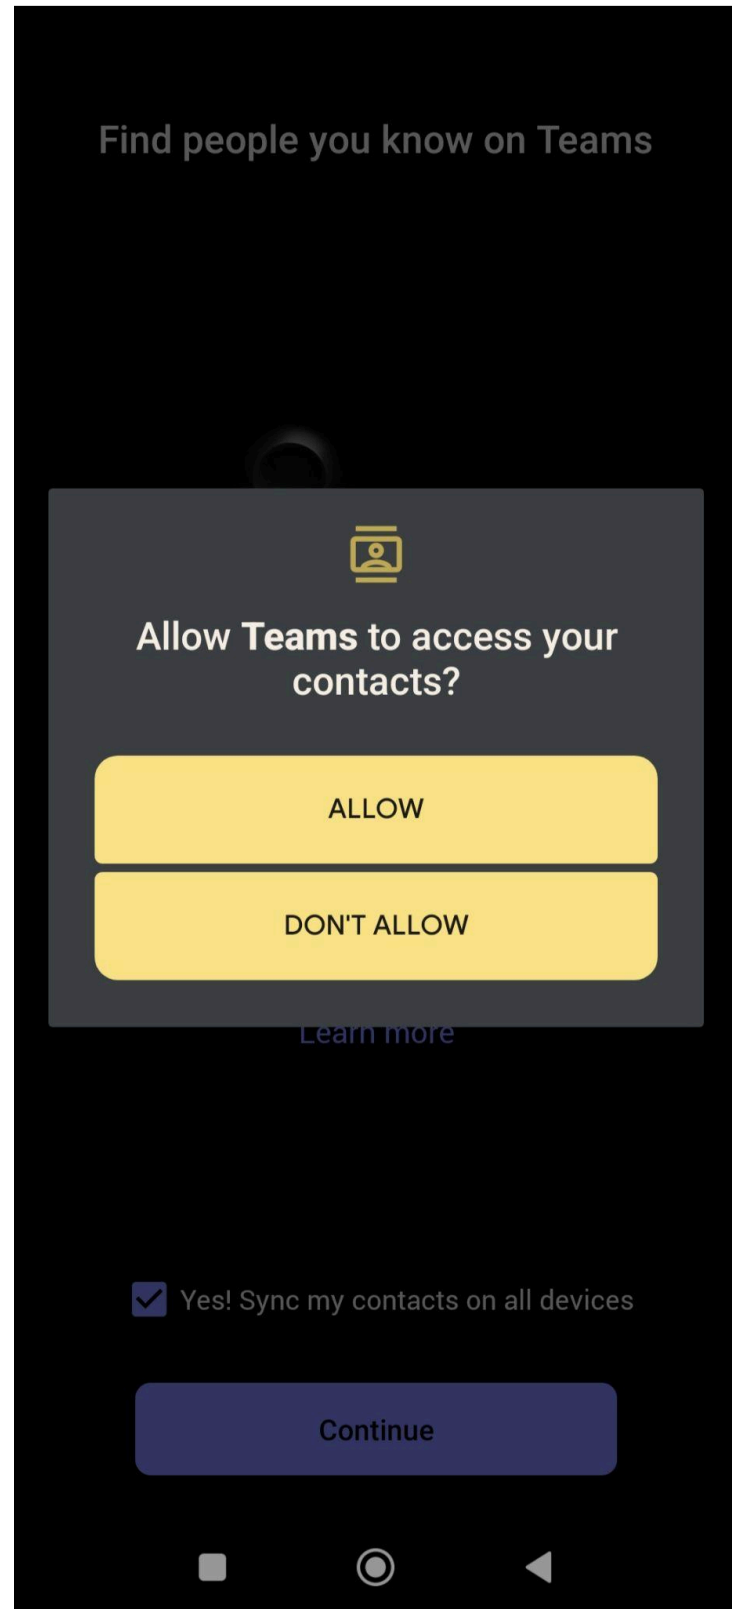

Click the **Continue** button below .

Step 19 :

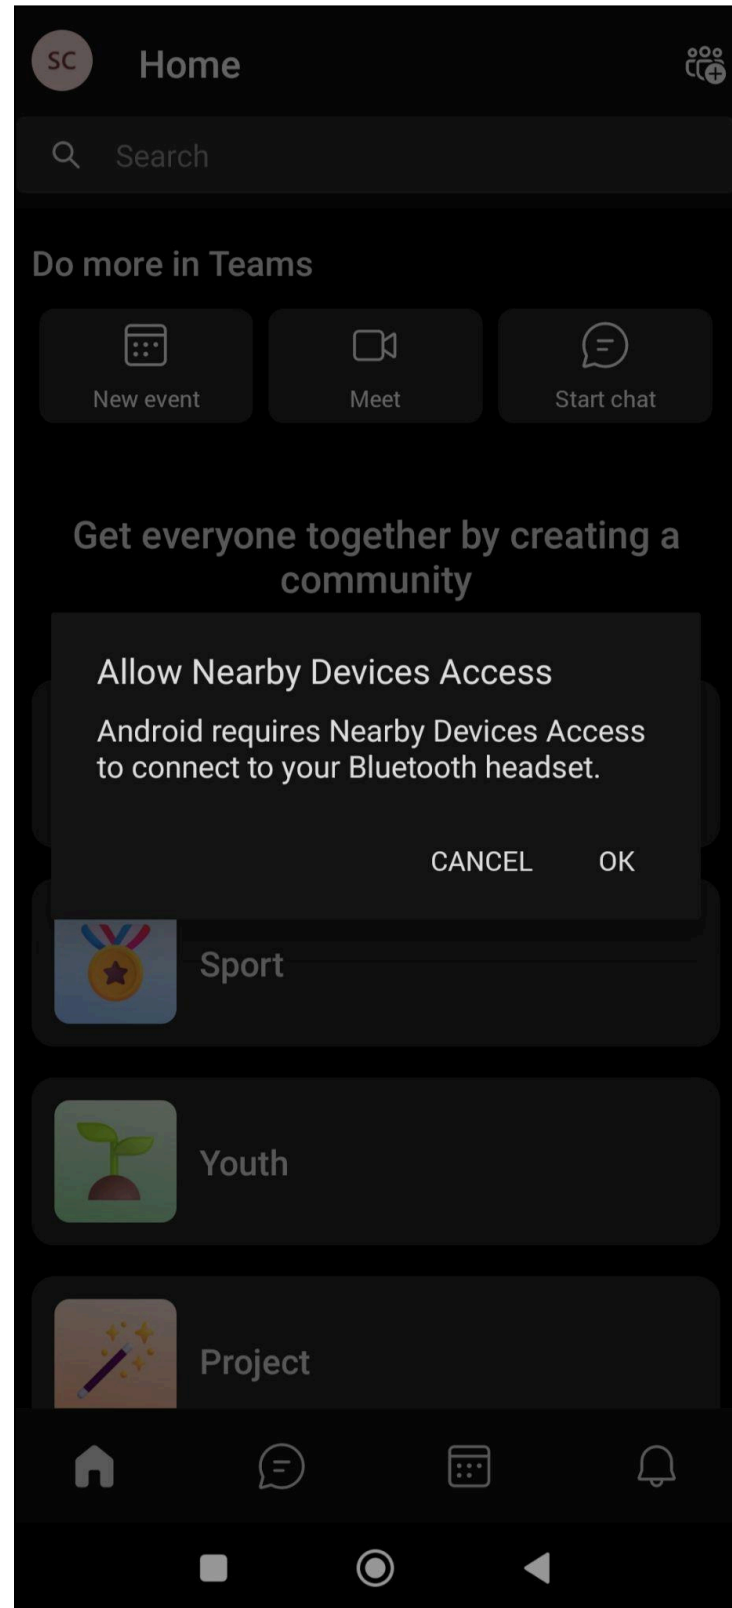

Teams may ask you to access your contact.

Click the **Allow** button.

Step 20 :

In the next step you may see this pop up.
Simply click the **Ok** button.

Now your Teams app is ready to use. From now you can just click any meeting link (for MS Teams) and join the meeting.
